REGISTER TUESDAY AND "KEEP KENTUCKY WHITE"

Registration has been named for Tuesday, October 5, when all voters in Paris must register, in order to vote at the November election, and in the primary election in August, 1921. Voters in the county precincts will not be required to register.

The recently enfranchised women should realize the serious responsibility of the right of suffrage and exercise their new prerogative. But in order to vote in the November election it is absolutely necessary for them to register on Tuesday, October 5.

Those who do not register not only lose the right to vote in the November election for the Presidential candidates, but they lose their suffrage for a year on all elections. Therefore, everybody, men and women, should not fail to register Tuesday, October 5.

INJURED BY AUTO.

While sitting on the pavement near the Citizens' Garage, on lower Main street, John Lawson, an aged citizen of Paris, was struck by an automobile which was backing in order to turn around. He was not thought at first to have been seriously injured, but after being picked up and placed in a chair, he collapsed, and was taken to his home. Physicians who made a careful examination said Lawson probably sustained internal injuries which may result fatally. No blame is attached to the chauffeur of the machine, who did not see Lawson at the time of the accident.

HERE'S SOME ENCOURAGING NEWS, SURE!

A. R. Erskine, president of the Studebaker corporation, automobile manufacturers, announced Tuesday a cut of from \$125 to \$200 in all models of cars manufactured by his concern. The cut becomes effective immediately, he said. Wages will not be reduced, Mr. Erskine said. He explained the cut was made possible because of a recent decline in materials used in the manufacture of automobiles.

Watch the next issue of THE NEWS for the Gibson Motor Co.'s display ad giving complete list of reductions.

REAL ESTATE TRANSACTIONS

The real estate firm of Harris, Speakes & Harris, sold Wednesday to John Harding, of Berry, Harrison county, and W. B. Blackburn, of Taylorsville, the Charles Barnett farm in Spencer county for \$106 an acre. The farm is one of the best bodies of land in Spencer county.

DEMOCRATIC CAMPAIGN FUNDS.

Committees will be appointed by the Bourbon County Democratic Campaign Committee to raise funds to help finance the Presidential campaign in the city, county, State and nation. Every Democrat in the county will be asked to contribute according to his means, from \$1.00 on up. An appeal for funds has been sent out from the National Democratic headquarters to this effect. The appeal states that the committee is almost without funds. They have no desire or expectation of matching millions with the opposition, but they must have money with which to carry the message of the Democratic cause to the voters.

Contributions may be left at THE NEWS office. They will be properly acknowledged and forwarded to the National Headquarters. In 1916 more than 100,000 persons gave financial aid in presenting the Democratic cause successfully to the voters. If an equal number help this year, the message will go to all the people, and success will be assured.

ORPHAN BRIGADE HERE IN ANNUAL REUNION

Bowed with the weight of years, but full of the old martial spirit that in a large degree characterized their achievements in the days of the struggle between the States, a handful of veterans, members of the famous old Orphan Brigade of the Confederacy, braved the cold weather and lowering skies to meet their comrades in the annual reunion in this city. The veterans began arriving Wednesday, though their numbers were few as compared to the reunion held here in 1892. Others arrived yesterday. They were met by reception committee, composed of representative citizens of Paris, and escorted to the court house, where they were registered, and assigned to the homes of Paris people and to the Y. M. C. A. and other places for entertainment.

The Louisville delegation, accompanied by the Boys Band from the Louisville Industrial Home, arrived Wednesday afternoon. The band paraded Main street and gave a concert in front of the court house. The band is a musical organization of great merit, composed for the most part of young boys. From the business houses and public places floated the emblem of the Confederacy, the Stars and Bars, entwined with the Union, showing there was no longer North, or South, but a re-united country. Many residences in the city were tastily decorated in honor of the visit of the Orphans.

The program proper for the reunion began at eleven o'clock yesterday morning, when the Orphans gathered at the court house, where they were greeted in an eloquent address of welcome by County Judge George Batterton. Mrs. J. T. Vassant followed Judge Batterton in welcoming address on behalf of the Richard Hawes Chapter, Daughters of the Confederacy, of Paris, and was followed by Rev. W. E. Ellis, pastor of the Paris Christian church, who welcomed the veterans on behalf of the city of Paris. At the conclusion of the exercises the veterans, accompanied by the Boys' Band, members of the local United Confederate Veterans, the Daughters of the Confederacy, and invited guests, adjourned to the Masonic Temple, where a repast of good things was served. Toasts were made and responded to by members of the Orphan Brigade, and others. The afternoon was spent by the veterans in social converse and retelling the stirring events of the great conflict in which they bore a prominent part. Last night a brilliant and largely-attended reception was given in honor of the Orphans and the Confederate soldiers of the county, in the Masonic Temple. The event was featured by music by the Boys' Band, and the presence of gallant men and beautiful women, who vied with each other in doing the honors for the veterans. The hours of the reception were otherwise spent by the veterans in social ways with their friends and hosts.

To-day the Orphans will be guests of Mr. and Mrs. Ben F. Buckner, at the Xalapa Farm of Edward F. Simms, near Paris, Bourbon county's show place. A barbecue of the old-fashioned kind will feature their stay at the Farm, which they will inspect during the hours following the social festivities. In the afternoon they will be addressed by Hon. Emmett M. Dickson, of the Paris bar, who had been invited by a special invitation from the Orphan Brigade some time ago, to make the principal address at this gathering. Lieut. Lot D. Young, one of the two Bourbon county survivors of the Orphan Brigade, will also address the veterans. At the conclusion of the exercises the guests will return to Paris, and will depart for their homes.

Gen. W. B. Haldeman, of Louisville, who had expected to attend the reunion, was unable to come, being detained by illness. A telegram from Mrs. Haldeman to that effect was received Wednesday. Messages of regret were received from a number of comrades who were unavoidably detained by business reasons or by illness.

On Sept. 30, 1892, twenty-eight years ago, the surviving members of the Orphan Brigade, some two hundred in number, met in annual reunion in this city, the principal exercises taking place on the old Fair Grounds, in the presence of a crowd variously estimated at from three to four thousand. The weather was ideal for the occasion, being bright and warm. The veterans were received and greeted with every evidence of warm friendship and cordiality, and the city was practically turned over to them during their stay. The city was a mass of bunting, U. S. and Confederate flags entwined, and other decorations.

As they arrived in the city from various sections of the State they were met and taken in charge by a reception committee. All formed in line, headed by the State College Military Band, from Lexington, and the Lytle Drum and Bugle Corps, from Cincinnati, marched to the Fair Grounds. There they were greeted in an address of welcome by Mayor William P. Chambers. Col. William Clark, of Nashville, Tennessee, responded in a felicitous address in behalf of the Orphans. Music and reading the roll-call of veterans who had died during the year made up the order of program. After this the veterans and invited guests marched to the Floral Hall, where a bounteous dinner was served by the ladies of the city and the county. After the dining, speeches were made by U. S. Sena-

REMARKABLE ESCAPE FROM INSTANT DEATH

A number of members of Bourbon Council, Junior Order United American Mechanics, who recently took part in a pilgrimage to Tiffin, Ohio, to visit the Orphan's Home of that order, tell of a peculiar incident that happened on their trip. The special train on which they were traveling, while crossing a bridge over the Little Miami river, struck a handcar on the track in the center of the bridge. The car was thrown into the river, but its lone occupant was thrown feet foremost into a barrel of water kept on the bridge in case of fire, and was not injured. None of the passengers on the train were injured, but were considerably shaken up by the sudden stopping of the train when the air brakes were applied.

for J. C. S. Blackburn, Gen. Richard M. Gano, Col. W. C. P. Breckinridge and others of more or less distinction. The cadets from the State College fired a salute from two field pieces.

At night the veterans were guests of the city at the Grand Opera House, where a pleasing program was rendered by local talent. Later in the evening the Junior Assembly Club gave a reception and dance at the Hotel Windsor, which was largely attended. Among the notable guests attending all these events were Gen. Simon Bolivar Buckner, Gen. John Lewis, Col. W. C. P. Breckinridge, Col. William Clarke, Col. E. Polk Johnson, Col. Brent Arnold, Col. Keller Anderson, Gen. John A. Gano, U. S. Senator Joe Blackburn, Col. Albert Berry and many others whose names do not now occur to the writer.

Yesterday afternoon was devoted to a business meeting, beginning at three o'clock, in the County Court room. The business disposed of comprised communications and reports; roll call of the dead; miscellaneous business and announcements. At the conclusion of the business meeting an adjournment was taken, to afford the visitors a chance to prepare for the reception at night.

Lieut. Lot D. Young and Capt. James McDonald are the sole Bourbon county survivors of the Orphan Brigade. Capt. McDonald is now a resident outside the State. At the close of the war about seven hundred Confederates were living in the county, but at the present time only twenty-seven of the number are living. These are: L. J. Fretwell, Geo. H. Preston, George B. Minter, James McDonald, Willis Goodman, John C. Bedford, Allen M. Kiser, Samuel Talbott, Lot D. Young, Paris; Wm. Stipp, Gano Hildreth, Wm. P. Heathman, Clintonville; Chas. The following is a partial list of the veterans registered at the court house: J. L. Lewis, Co. K., 2d Ky. Inf.; J. M. Sullivan, Co. D. 2d Ky. Regt.; John D. Lawson, Co. G. 9th Ky. Regt.; H. E. The following ladies from a distance were interested spectators and attended the various functions given in honor of the Orphans:

Mrs. Augustus A. Thomas, Mrs. Sidney H. Snook, Mrs. Robert G. Higdon, Mrs. W. J. Stone, Frankfort; Mrs. Ida Hamilton Stoner, Mt. Sterling; Mrs. Alexander Duke, Maysville; Mrs. Mary Danling Bond, Mrs. John Downing, Mrs. C. M. Paynter, Lawrence; Mrs. Jennie C. Bean, Winchester; Mrs. George R. Martin, Mrs. Claude Miller, Mrs. Ben Hardin Helm, Mrs. Waller H. Lewis, Mrs. D. K. Miller, Lexington; Mrs. H. C. Parks, Akron, Ohio; Mrs. Eve Perry Davis, Cincinnati; Mrs. Amanda Hite, Ohio; Mrs. Charles Semple, Mrs. A. T. McCormick, Louisville; Mrs. H. C. Trigg, Mrs. Ballard Dickerson, Glasgow.

Some amusing incidents happened when the comrades long separated greeted each other. Two of the "boys in grey" met in front of THE NEWS office. One was very enthusiastic in his greeting. After salutations had been exchanged and a short talk indulged in, one asked the other, "Say, Comrade, where is your uniform?" "Why, you old Johnnie Reb," replied the other, "I wore it out during the days of '61, and haven't had one since."

DEMOCRATIC PUBLIC SPEAKING FUND MONDAY, OCT. 4.

The Democratic speaking campaign in this county will have a formal opening Monday (Court Day), when Hon. Helm Bruce, of Louisville, will address the voters of the county and city, at the court house at one o'clock. Mr. Bruce has been an independent in political matters for the past twenty years, and is one of the leading lawyers of the country. He has a pleasing and convincing way of addressing his auditors, and the message he will have to deliver on Monday to the voters will be one well worth hearing. He has made a special study of the League of Nations, and will present his views and discuss the merits of this much-talked-of measure. The ladies are especially invited to hear him.

BOURBON WAR MOTHERS ELECT NEW OFFICERS.

The following new officers were elected at a recent meeting of the Bourbon War Mothers, to serve for the ensuing year:

Mrs. Ben Woodford, Senior War Mother; Mrs. Louis Rogers, First Vice War Mother; Mrs. John T. Collins, Second Vice War Mother; Mrs. John A. Gilkey, Treasurer; Mrs. Ed. Turner, Company Secretary; Mrs. James S. Douglas, Recording Secretary.

All of the officers and Mrs. R. P. Hutchcraft, Mrs. J. Walter Payne, Mrs. Louis Wollstein and Mrs. Kiser were appointed delegates to attend the State meeting of the War Mothers, to be held in Louisville to-day. Mrs. Payne has been invited by the National Executive Committee of the organization to act as parliamentarian during the sessions of the War Mothers in Louisville.

COX LEADS ON STRAW VOTE

Where Kentucky will lodge in electoral college in November is being clearly indicated by the straw vote taken throughout the State by the Rexall drug stores. The returns show Cox leading by a margin of two to one. The first week's balloting gave Governor Cox 1,760 against 877 for Harding. Of this number the male voters cast 1,409 for Cox, 723 for Harding, while the women gave Cox 359 and Harding 154. These figures indicate that the women voters are more decidedly for the Democratic ticket than the men.

FIRST WOMAN NATURALIZED WILL VOTE FOR COX

Mrs. Harriet P. Minaker, Visiting Nurse for the Bourbon County Health and Welfare League, is given the unique distinction of being the first woman to be naturalized in the new Eastern Kentucky Federal Court District, of which she is proud.

Mrs. Minaker is by birth a Canadian. She came to Paris several years ago to assume the duties of visiting nurse, in which she has proved capable and efficient. Her name has become a household word among the sick, the destitute and the homeless, and wherever her ministrations have gone there she has left with the blessings of those she has served.

In season and out of season, in fair weather and foul, she has given herself unselfishly and ardently to the task of relieving suffering among those unfortunate who had not the means of providing for themselves, and no one knows the extent of the good she has done among the poor of Paris.

Mrs. Minaker is a great admirer of Gov. James M. Cox, the Democratic nominee for President. Shortly after receiving the papers which granted her full rights of American citizenship, Mrs. Minaker stated that her first vote in the exercise of suffrage would be for Gov. Cox for President.

AUTO THIEF HELD TO GRAND GRAND JURY.

Mr. William McCann returned Wednesday night from Columbus, Ohio, where he went to recover the auto stolen from in front of his home several days ago. The machine was considerably damaged, but not entirely beyond repair. The man, Williams, who stole the machine, was given a hearing in court and held over to the grand jury. Mr. McCann stated that the policeman shot by Williams died from the result of injuries sustained in collision with a street car, instead of from the gunshot wound, as first reported.

WE KNOW NOW

REAL ECONOMY IN CLOTHES

REAL economy in clothes consists not in spending the least possible amount of money, but in getting the greatest possible amount of value for the money expended.

It is because this store seeks to give value above all else that we feature such smart garments that are made of all wool fabrics, firmly woven and full of wear.

* Sewings are strong and long-lasting—fit is superb—outlook and outlast clothes of less careful construction. Simply overflowing with quality and value.

EDITORIAL FLINGS OF THIS,
THAT EN 'TOTHER

Main street was crowded Saturday night with a throng of people. Of course, this is no unusual thing for Paris. Some were walking and some were standing, waiting for friends. In front of a prominent grocery was displayed a sign, reading, "Boy Wanted." Under this sign a very pretty girl happened to pause to wait for some friend to make purchases inside. She had not noticed the presence of the sign over her head, and no doubt wondered why so many boys hesitated and looked back with a "Wonder if I will do?" sort of expression on their faces. Further down on the same block a drug store had a lot of free literature near the door, bearing the sign, "Take One." If the boys had known this they might have secured it and lined up on the other side of the pavement under its suggestive advice.

VICE-PRESIDENT NOMINEE AT LEXINGTON, OCT. 1.

Franklin D. Roosevelt, Democratic vice-presidential candidate will lead off the prominent speakers of the week in Kentucky. He will be at Mt. Sterling, Winchester, Lexington and Louisville, Friday, October 1, and will make a swing through the Second and Third Congressional district Saturday. Mr. Roosevelt will be introduced by Judge Rogers Clay.

The Democratic committees in Winchester, Nicholasville, Georgetown, Versailles, Frankfort and Paris have notified Chairman Hunt that they will send a large delegation to the speaking and special arrangements for seating capacity for them have been arranged for at the Auditorium.

Special interurban cars will be run direct to Woodland Park Auditorium for the accommodation of out-of-town visitors, and arrangements have been made for special fares with return trip privilege on all cars after the big meeting.

In order to assure the people from counties near Lexington, who wish to come, of getting seats at the Auditorium, a big block of reserved seats will be held for their benefit. It will be unnecessary for those who journey by interurban to change cars downtown, as arrangements have been completed whereby the "specials" will run directly to the Auditorium. Return trip privileges will be granted on any car leaving Lexington that day.

Representatives of the various Democratic County Committees are co-operating in the move and those with whom arrangements have been completed include: Bourbon county, Judge Denis Dundon, Paris; Franklin county, W. C. Marshall, Frankfort; Jessamine county, Rufus Lysle, Nicholasville; Scott county, James R. Lancaster, Georgetown.

LEAGUE OF NATIONS CALLED MISSIONS HOPE

"Ratification of the League of Nations as the greatest aid to American missionary work," was emphasized at every session of the eighty-eighth annual convention of the Churches of Christ in Kentucky, held at the First Christian Church, in Louisville, last week.

Declaring that revolutions in England are to be expected as a result of the conflict between capital and labor, and of the dissatisfaction over the manner in which the fresh question is being handled; that food is practically unobtainable in Germany and Austria, and describing conditions everywhere in Europe as "terrible," Dr. R. H. Crossfield, President of Transylvania University, who has just returned from a three-months' study of conditions in Europe, said that "the only hope for stricken Europe is the League of Nations."

"If the League of Nations is turned down," the Rev. Dr. E. L. Powell said, "the crucifixion of Armenia and Syria by the Turks and Kurds under German leadership will continue in the land where Christianity was born."

The League of Nations was again touched by the Rev. Dr. M. A. Hart, Danville, regional secretary. "Christ's purpose in the world was to make the nations as one," he said. "Our Lord prayed for an international mind and an inter-racial heart."

NOTES OF THE LODGES

A new feature inaugurated into the organization of the Knights of Pythias, is the association of Keepers of Records and Seals, which has been instituted for the purpose of exchanging ideas between the different lodges of the State. Plans are being outlined for expanding the usefulness of the new organization, but have not been completed as yet. The officers of the association are R. H. Conway, of Cynthiana, who has been keeper of Records and Seals for more than thirty years, as president, and J. W. Collins, of Wilmore, as secretary-treasurer.

SIX MONTHS I COULD NOT WORK

Lydia E. Pinkham's Vegetable Compound Made Me Strong and Able to Work—I Recommend It To All My Friends.

Bayonne, N. J.—"I had pains in back and legs so that I could not stand caused by female trouble. I felt so tired all the time, had bad headaches, and for six months I could not work. I was treated by a physician and took other remedies but got no relief. A friend told me about Lydia E. Pinkham's Vegetable Compound and it has helped me

very much. I am well and strong and now able to do my work. I cannot thank you enough and I recommend your medicine to my friends who are sick."—Mrs. SUSIE SACATANSKY, 25 East 17th St., Bayonne, N. J.

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for over forty years, and today hold a record for such wonderful success as does Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

WILL THE WOMEN VOTE?

If the white women of Kentucky fail to vote in November or fail to register, so that they may vote October 5, Kentucky will become a negro dominated State for fair. Not only that it will become a State in which the servants have become the masters, for the negro women intend to register and to vote. True, the soft pedal is being put on that fact by the Republican politicians but it is a fact nevertheless that the most complete and systematic plans for the registration and voting of the entire adult negro population of Kentucky have been made by the professional politicians who used negro vote of Kentucky to such good effect last fall.

The questions naturally arises—have the white women of Kentucky less conception of public duty, less responsibility to their new citizenship, than the negro servants? If that question is answered in affirmative it means that a terrible mistake was made in giving women the right of suffrage. Somehow, we do not feel it even possible that Kentucky's fine white women can for a minute shirk the duty citizenship brings to them. Somehow we feel that when registration day comes no white woman will have to be urged or coaxed to go and register or when November 2 comes will she have to be coaxed to go and vote. There are some things that no Southern State will stand and one of these is domination by the negro race. Louisville, according to a former chief of police of that city, Col. J. H. Haager, is already suffering from the political alliance between the Republican party and the criminal negro.

Ex-Chief Haager told the women of Louisville at a public meeting that the negroes who belonged to the sporting element were being coddled by the city administration and allowed to loaf and gamble to their heart's content.

"UNCLE BILL" LIGHTS IN NEWS-PAPERDOM AGAIN

Verily "Uncle Bill" Schooler, versatile newspaper man, must be possessed by a wanderlust. Schooler has had charge of a score of papers in the past few years, yet seems to be on the move again. His last venture was in Somerset, where he successfully conducted the Commonwealth, disposing of his interest some weeks ago. Now he is heard from in Ohio, where he has leased the Gibsonburg Derrick, and is its editor and publisher. "Uncle Bill" is one of the best all-round newspaper men in the country, and some day when the wanderlust has died out he will settle in some place permanently to make a good paper prosper in a good town.

LATONIA RACE MEET HAS AUSPICIOUS OPENING

The crowd that attended the opening day of the race meeting at the Latonia track Wednesday was fully up to the expectations, being estimated as equally as great as at any previous meeting. The grandstand was full to overflowing, despite the cool weather, which could not chill the ardor of the race devotees. There was a large attendance from Paris and Bourbon county.

Col. E. R. Bradley, of Lexington, added another lucrative victory to his already enviable string, when the Busy Signal outran ten of the speediest horses in the West and won the eleventh annual running of the Latonia Inaugural Stake. Busy Signal broke away in the lead and held a safe distance all the way around, coming under the wire a length ahead. Ginger was favored by good luck and came in second, while R. L. Baker's King Gorin took show money from Minto II by a head.

Furbelow got off slow in the opener but gradually improved her position, taking the lead at the stretch and winning by a neck from the tiring Dr. Carmen. G. J. Long's filly Cozette, graduated in the second go, a dash for 2-year-olds, taking the lead from the barrier and outfitting Countess in the finishing drive.

Muskallonge furnished the big surprise of the day by easily winning the third race from the favorite, Brunswick. The Blackford colt took first place early and when challenged in the stretch drew out easily to win by three lengths. The odds on the winner were better than ten to one.

The Hotel Havlin Handicap went to Westwood, 3-year-old colt owned by the Florissant stable. Flags, heavy favorite, ran close behind the heavily-weighted Westwood all the way, and lost by a nose in the most exciting finish of the day.

Bert Kennedy showed the way around with J. C. Stone and Pif, Jr., in the sixth and seventh respectively.

THE KENTUCKY FUTURITY TO BE GREAT RACE

The Kentucky Futurity (\$14,000) at Lexington, Oct. 5, will be the most desperate colt race of the year, just as the same event was the greatest race of 1919. It will be mile heats, 3-in-5, and none but the fastest and gamest will start.

NEAR-AUTO-ACCIDENT

But for the merciful intervention of a kind Providence (no other term can more fittingly describe it) three near-accidents were averted in Paris, Wednesday. THE NEWS man was an eye-witness in all three cases, and can personally testify to an astonishing recklessness displayed by all the drivers.

A big truck belonging to a Paris mercantile firm and a machine driven by a Bourbon county woman collided near the corner of Tenth and Pleasant streets. Both were going at a high rate of speed. The truck came up Pleasant street, the woman's machine from Tenth street. Not a honk from either betrayed their presence. Woman's machine sustained broken fender. Truck uninjured. Pure thoughtlessness.

Two big touring cars, one going up High street, the other coming out Seventh street, almost met at the corner of High and Seventh. Only four inches of space between when they stopped. Neither sounded their auto horns. Both going unusually high speed. Both drivers used profanity, but used poor judgment in racing corners. No damage done.

Two machines, one driven by an expert driver, a man who has been in the auto business for years, the other engineered by an amateur, met not by any prearranged plan, near Fourth and Main, Wednesday afternoon. Both plunging along at a high rate of speed. Neither took the trouble to sound their horn. One on wrong side of street. No damage done.

These are just a few instances. The automobile ordinances are violated in Paris night and day and the drivers have apparently come to the conclusion, "What are you going to do about it?"

NOTES OF THE LODGES

At the recent meeting of Bourbon Lodge, I. O. O. F., the Third Degree was conferred on Cleon Rowland, of Paris. The Degree Team has been very busy since July, as there has been work in some degree at every meeting. Chairman E. B. January reports the campaign for the \$500,000 Endowment Fund for the Widows' and Orphans' Home progressing nicely.

Nearly every member of Bourbon Lodge has pledged some amount. Those who have not contributed to the fund are urged to do so at once, and help to make the Home safe for all time.

At the recent meeting of the Sovereign Grand Lodge of Odd Fellows held in Boston, Mass., Wm. H. Cox, of Maysville, was elected Grand Treasurer.

Special drill work and initiation ceremonies featured the meeting of Hermione Temple, Pythian Sisterhood held in the lodge room last night. The degree team has been asked to confer the work on a number of candidates for a sister lodge. This matter was considered at the meeting held last night.

SCHOOL GROUNDS

The grounds surrounding all school buildings ought to be so beautified with trees and shrubs, that every citizen and every child will take pride in them. If gives a town a reputation for progressiveness. The beauty folks have a keen eye for the beauty of nature, and a school decorated with foliage ceases to be a dry and dusty sort of place.

In many places the children are organized to do such planting, and often trees and shrubs are contributed, so that the tax payers aren't assessed a cent for it. By making Tree Planting Day a picnic and celebration you can create a great improvement without much expense. Try it on the school grounds in Paris.

A Boston man has patented a device that enables a ship to go backward while its engines are running full speed ahead.

The eggs of sea fowl are almost conical in form, so that they will only roll in a circle.

The wives of Siamese noblemen cut their hair so that it stands straight up on their heads.

George O. Barnes, and his wife, Ed. C. DEMOCRATS BECOMING ACTIVE; NEW SPEAKING DATES

Redoubled efforts to bring about a heavy registration in cities of the first, second, third and fourth classes, will be made in the next ten days under direction of Democratic State headquarters and the several county organizations.

Much of this work will be done among the women of the State, in which the Democrats have a considerable advantage, due to the promptness with which the building up of a compact organization followed the naming of women vice-chairmen. This work has proceeded to the selection of precinct captain in every county, and in many sections of the State house-to-house canvassing has been underway for several days.

Governor Cox will start on a tour of the Middle West and East on October 6, speaking first somewhere in Kentucky, it was announced at Democratic national headquarters in New York.

Confirmation of three speaking dates for Vice President Thomas R. Marshall in Kentucky in the latter part of October was received by Harry McChesney, director of the Kentucky speakers bureau, in a telegram from National campaign headquarters. The dates have not been assigned yet, however.

W. Burke Cochran, of New York, the famous Irish orator, will speak in Louisville, October 15. A date for Lexington has been requested but no reply received yet, dependent upon the length of time Mr. Cochran can spend in Kentucky.

A great effort is being made to get the truth about the two presidential candidates' attitude toward the Irish before the voters generally. (

Over fifty years ago a young physician practiced widely in a rural district and became famous for his uniform success in the curing of disease. This was Dr. Pierce, who afterwards established himself in Buffalo, N. Y., and placed one of his prescriptions, which he called "Golden Medical Discovery," in the drug stores of the United States so that the public could easily obtain this very remarkable tonic, corrective and blood-maker. Dr. Pierce manufactured this "Discovery" from roots and barks—a corrective remedy, the ingredients of which nature had put in the fields and forests, for keeping us healthy. Few folks or families now living have not at sometime or other used this "Golden Medical Discovery" for the stomach, liver and heart. Over twenty-four million bottles of this tonic and blood remedy have been sold in this country.

CAN'T PRAISE IT TOO MUCH, HE SAYS**IS GLAD HE TOOK IT FOR IT HAS COMPLETELY RESTORED HIS HEALTH**

"In three weeks I picked up ten pounds in weight and can say that Tanlac will do all they say it will," said Barney Johnson Lee, 2220 Lyons avenue, Louisville, Ky.

"Back in February I had a spell of the 'flu' that left me all rundown and my stomach out of order. After I went back to work I was so weak I could hardly hold out during the day. My appetite was so poor I had to force down enough to keep me alive, and it always soured on my stomach and caused me no end of trouble. My nerves were unstrung, it was next to impossible for me to get a good night's sleep, I was just about played out.

"I had heard about Tanlac and when I saw the statement of Rev. Charles Sanders, of Huntington, W. Va., I decided to try it. My appetite picked up right away, and in a few days the indigestion commenced to leave me. Although I have taken only two bottles of Tanlac I have gained ten pounds, my nerves are strong and I sleep like a top every night. I am as well and strong as I ever was and feel like my old self again."

Tanlac is sold in Paris at the Peoples Pharmacy. (adv)

FAMOUS PLAYERS FILMING SCENES AT FRANKFORT

Strange scenes were enacted at Frankfort, Thursday, and those who were not in on the secret wondered what it was all about. Old stage coaches and open air carriages were parked on the drives around the capitol building, duels and fights were staged at the entrance and mobs of people filed in and out of the capitol building.

All of this had to do with the filming of "The Kentuckians," the production being based on the book of the late John Fox, Jr. The play is being made by the Charles H. Maigne Company Famous Players Lasky Corporation and every one at the capitol took the day off to witness the making of the picture.

The picture was the first made in Frankfort, and in view of this hundreds of persons availed themselves of an opportunity to break into the movies. Gov. Morrow, Mrs. Morrow and McKenzie R. Todd, secretary to the Governor, witnessed the picture making from the upper gallery of the building.

TENNIS A FRENCH GAME.
Tennis is a French game which in the twelfth century was played with ball and bat on horseback. Later the horses were dispensed with. The game was very popular in England in the sixteenth century when rackets first came into general use. Before that the hand was used for batting.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment Is a Brisk Purgative With Calotabs, the Purified and Refined Calomel Tablets that are Nauseless, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness unless the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess enema tablets called Calotabs, which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful. (Adv.)

Women of Kentucky Know the Issues!

The Republican Party asks
the women of Kentucky to
vote the straight Republican
ticket on November 2nd
strictly upon the issues involved in this
campaign.

Every woman in Kentucky knows the
true campaign issues.

The League of Nations as brought
back from France by Woodrow Wilson
and endorsed by the Democratic candi-
date for President is an offense to Amer-
ican womanhood.

It would barter off everything that the
American nation and the American home
stand for—that right to think and act for
ourselves, to live our own lives and to
help others as we can.

It would send our sons to war without
our consent, to fight for interests which
are without our sympathy, at the order of
foreign politicians and self-seekers who
are not thinking of America or her peo-
ple.

MILLERSBURG

DEATHS.

Mrs. W. M. Miller left Friday for the State convention of the W. C. T. U. at Henderson.

WOMEN MUST REGISTER

Women who do not register on October 5th or on the supplementary registration days later, may not vote in the Presidential election this year or in the August primaries in 1921. Only those who were prevented by absence or sickness may register the second Saturday before the primary.

While the majority of the women, even those who did not seek or want suffrage, feel that the franchise imposes a responsibility on them, rather than a privilege, there may be some who do not feel it their duty to vote in November.

The chances are that their names will undergo a change before the August primaries next year, when circuit judges, commonwealth's attorneys, State senators and representatives, county and city officials and other officers to fill vacancies will be nominated. Women who are not interested in the presidential election may find themselves concerned in who shall govern their city or represent them in the legislature next year, and they will not be allowed to vote unless they register October 5, 1920. The women who willfully or negligently refrains from registering forfeits her right to vote in the primaries, and those who realize the importance of a full registration should make every effort to convince the new voters of their duty.

LONG-EARED GIANT

(Georgetown News) Many, many years ago Tom K. Shuff and R. D. Prewitt were ordained as deacons of the two local churches, Shuff of the Christian and Prewitt of the Presbyterian. Back in those days a protracted meeting was held at the Christian church and Shuff rode a mule which became sick in the church yard and died, much to the sorrow of Tom, and he requested the church authorities (he being the one in authority) to allow him to bury the mule where it died, which was granted. No stone was erected to mark the spot. Last week Judge Lancaster received permission from the church to drain his cellar through the church yard and a force of men from Sublett's establishment dug through the bones of Shuff's mule. Finding of the bones alarmed the neighborhood's curiosity and many came to view what was thought to be human bones. A great crowd assembled, headed by Will Leach, who minutely described each bone as being a certain part of the body, but he could not find the head and he pronounced it a giant and was about to get by with it as he thought the skull was missing, but the negro digging the ditch had covered the skull up with the loose dirt and when it was recovered proved that Leach was not familiar with the above history.

CONDON.

James D. Condon, aged about sixty-five, a former resident of Paris, died in the St. Francis Hospital, in Cincinnati, Tuesday night, after a long illness due to a complication of diseases. Mr. Condon had been engaged in business in one of the large mercantile concerns of Cincinnati. He had been ill for some time, but had been in the hospital for a few days.

This business he conducted successfully for fifteen years. His health becoming bad, he retired from business, and went to the West where he remained some time, coming back he went to Cincinnati, where he resided to the time of his death.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REPORT

Poultry prices are lower, due to increasing supplies and lighter demand. Prices, however, are higher than the corresponding week a year ago.

Poultry packing plants are now generally so fixed that they have sufficient help to take care of a liberal volume of poultry. Even marketing is suggested, in order to prevent a glut a few weeks hence, which would have a tendency further to reduce prices.

Butter consumption is reported generally to be larger and market and crop conditions justify a strong effort being made to maintain fall and winter production.

Nearly 1,000,000 pounds of butter arrived during the week from South America, selling at some discount under home production.

Egg receipts continue light, but to obtain top prices, must be strictly fresh. Old and held stock are not as desirable as prime storage eggs.
